Clothespins — Modern kids never saw one

Dear Abby,

Bored and lonely teen should find hobby to fill her time.

By Abigail Van Buren

Dear Abby,

My married sister and her husband have just brought us to their home for a visit. My sister is a U.S. passport holder, and the baby she is carrying is a U.S. citizen, as my husband and I are. However, my mother, who is from Mexico, is not a U.S. citizen and my brother-in-law is not a U.S. citizen. My mother is planning to travel to Mexico with her grandchildren, who are U.S. citizens. Can we prevent my mother from traveling and visiting her grandchildren? If not, what can we do to ensure she is safe and healthy during her trip?

Sincerely,

Dear Abby,

I'm concerned about my neighbor's safety. He is in his late 80s and lives alone in a ramshackle house. He often stays up all night, and I worry that he might be vulnerable to theft or accidents. What can I do to help him?

Sincerely,

Education - College for Kids in full swing at TSJC

By Greg Briscoe

The College for Kids summer program is in full swing at TSJC. The program offers a variety of classes for kids of all ages, including academic enrichment, art, music, and STEM classes. Parents can rest assured knowing their children are engaged in fun and educational activities.

Dear Abby,

My husband and I are celebrating our 10th anniversary this weekend. We are planning a surprise trip to Paris. What gift should I give him to celebrate this special occasion?

Sincerely,
